

ALADE ZACCHEOUS KEHINDE

Python Developer | Django Developer | Data Analyst

Ibadan, Oyo State, Nigeria | +2349161302024 | aladezaccheous52@gmail.com
LinkedIn: linkedin.com/in/zacchtech | GitHub: github.com/ZacchTech

PROFESSIONAL SUMMARY

Computer Science undergraduate and Python Developer with hands-on experience building Django web applications, backend systems, and data analytics dashboards. Skilled in Python, Django, Excel, SQL, Power BI, and data visualization, with experience transforming raw datasets into actionable business insights and developing scalable applications that improve workflow efficiency and support data-driven decision-making. Strong foundation in software development, database management, and analytical problem-solving, with a passion for building real-world technology solutions that help organizations streamline processes, improve productivity, and make smarter business decisions

TECHNICAL SKILLS

Jan 2023 - Present

- **Programming & Web Development:** Python, Django, HTML5, CSS3, Bootstrap, Tailwind CSS, CRUD Operations, REST API Fundamental
- **Databases:** SQL, PostgreSQL, SQLite, Database Design & Management
- **Data Analytics & Visualization:** Power BI, Microsoft Excel, Power Query, Pandas, NumPy, Data Cleaning, Data Modeling, Dashboard Development, KPI Reporting, Exploratory Data Analysis (EDA), Data Visualization
- **Tools & Technologies:** Git, GitHub, VS Code, Jupyter Notebook, Microsoft Office Suite
- **Soft Skills:** Problem Solving, Analytical Thinking, Communication, Team Collaboration, Adaptability

PROJECTS

Data Science Salary Dashboard (2025) | Excel · Power BI · Power Query · DAX

- Built an interactive dashboard analyzing 5,000+ global data science salary records
- Created KPI metrics and visual reports for salary comparison across roles, countries, and experience levels.

Sales & Business Analytics Dashboard

- Designed a business intelligence dashboard to analyze revenue, customer trends, and sales performance.
- Generated insights for business forecasting and operational analysis.

Hospital Management System

- Developed a Django-based web application for managing patient records and appointments.
- Designed relational database structures for efficient data management.

Blog Web Application

- Implemented database integration and CRUD operations for dynamic content management.
- Developed a blogging platform with authentication, content management, and admin panel functionality.

EDUCATION

Emmanuel Alayande University of Education, Oyo State

2023 – Present

- Bachelor of Science (B.Sc.) in Computer Science
- Department of Data Science, Informatics and Computer Science
- Department of Data Science, Informatics and Computer Science

Relevant Coursework: Data Structures & Algorithms, Database Systems, Software Engineering, Artificial Intelligence, Web Development, Data Science, Operating Systems, Cyber Security Fundamentals
